Research with a twist.  
Grab a slice.

Advanced Legal Process Outsourcing (LPO) services to help organizations optimize litigation and contracts management.

## THE EVOLUTION OF LPO SERVICES

As corporations and law firms explore ways to minimize costs associated to mundane, onerous tasks and processes, Legal Process Outsourcing (LPO) services provide an efficient, cost-effective and scalable alternative business solution.

## ABOUT ORANGE RESEARCH GROUP

Orange Research Group (ORG) is an innovative Legal Process Outsourcing (LPO) group that provides advanced legal business consulting services to corporations and law firms.

Comprised of a diverse blend of highly trained attorneys, financial professionals, statisticians, writers and editors, ORG provides advanced research, editing, verification, data compilation and information review services to help organizations optimize litigation and contracts management.

## THE ORG DIFFERENCE

Orange Research Group LPO services take Legal Process Outsourcing to the next level, providing clients with legal document research, analysis and *interpretation* that go beyond traditional managed review.

ORG LPO services provide clients with strategic insight, analysis and recommendations to help them optimize the value of discovery data, while adhering to corporate compliance, statutory and governance requirements.

ORG's flexible staffing model can quickly scale from 1-70+ employees to meet urgent demands while helping reduce costs upwards of 60%.

## SERVICES AND EXPERTISE

Since 2014, ORG has successfully completed work on 500+ LPO projects across the following areas of expertise.

- **Contracts Management** - categorization, editing and monitoring of corporate contracts
- **M&A Assistance** - gathering, assessing, categorizing, cross-checking and managing documents
- **50-State Surveys** - conducting, comparing and cross-checking individual state legal regulations
- **Human Resources Support** - updating company handbooks, HR policies and other HR documentation for compliance
- **Expert Testimony Review** - checking, copy editing and standardization of legal citations
- **Deposition Summaries** - reviewing transcripts for specific parameters and highlighting / bookmarking the information in PDF format
- **Information Review** - data entry, verification and analysis of documents for compliance and litigation
- **Legal and Business Research** - market research, national and international compliance
- **Consulting** - audits, legal procedure assessments, informational governance and ediscovery readiness
